OBJECTIVE - COMPUTER ENGINEER SEEKING FIELD EXPERIENCE IN MACHINE LEARNING OR FRONT-END DESIGN

Exteremly driven to make a real impact in the world, and create technologies that become the normal of the future. Always looking for the next leading edge technology, and seeing how it can be used or reworked to better serve a new market. Takes great care into the experience, quality, aesthetics, and utility of tools and products made.

Personal traits:

- Self-starter by nature, also works well in team-based environments
- Easily adaptable, able to pick up new skills quickly
- Excellent communication skills, written and verbal
- Strong work ethic, highly dependable
- Proven ability to work in high-intensity work environments

EXPERIENCE

LEASING AGENT • CAREER STRATEGIES • APRIL 2021 - OCT 2021

Managed apartment complex unit make-ready, prospect attainment, residents, maintenance, marketing surveys, as well as property tax and collection finances, Shift in management allowed for opportunities to fortify workplace adaptation, community/workplace leadership, time management, and goal attainment.

Accomplishments:

- Worked as a temporary Property Manager for two months during the property's re-management.
- Raised property occupancy 73% to 92% within a month.
- Stabilized property weeks before refinance.

PHARMACY TECHNICIAN • WALGREENS • APRIL 2018 - AUGUST 2019

Responsibilities included prescription management, customer service, and stock handling all within a fast-paced, non-stop work environment. Managed database in order to properly handle customer insurance policies, requiring strong attention to detail.

Accomplishments:

- Promoted to Pharmacy Technician from Customer Service staff within the first month due to superior organizational, customer service and computer skills.
- Awarded Employee of the Month.

EDUCATION

SAN JOSE STATE UNIVERSITY • Junior Year, Graduating May, 2023

SEC Engineering in Computer Engineering which provided exposure to complex software and hardware engineering problems, and projects requiring collaboration and unique solutions.

.

LIVE OAK HIGH SCHOOL • High School Diploma, July 2019

- Honor roll graduate, 3.94 GPA. Founder of the schools e-sports club, in which I assessed and assigned roles based on the members level of skill. Team leader of the school's table tennis club.
